

Survey
**“Quality of Life and Planning for the Future of the 55+
Generation in the District of Mettmann”**
2024

Information on requesting help from survey officers

- When responding to the survey you can request help from survey officers. Survey officers are volunteer helpers whose role is defined in Section 22 of the Statistics Act of North Rhine–Westphalia (LStatG NRW). Survey officers are not allowed to use the information they obtain from their activity in other processes or for other purposes. They must sign a written undertaking to maintain statistical confidentiality and not to disclose any information they receive as part of their work. This obligation remains effective even after termination of their work.
- We have set up a web page at erhebungsbeauftragte-umfrage55plus.sis-me.net in order to provide up-to-date information on how survey officers can help. Here you will also find all the contact data.
